

Village Life

Update

The first High Desert Village gathering since Covid was a great success. Irene Nuzzo and the Good Times team organized a gathering at Juniper Park on Tuesday morning, June 22, and the turnout was impressive. Many Villagers enthusiastically met in person for the first time and shared stories and interests that are the building blocks of a community. Everyone is looking forward to gathering again. Watch for messages from the Good Times team on when and where that might happen.
